IranArt : The sixth edition of MEN ART PARIS opened on Friday evening, October 24, with an art gathering attended by artists and art enthusiasts.

Iranian painter Salimeh Motamedi, represented by Martex Road, is participating in MEN ART PARIS 2025 with a solo booth showcasing a curated selection from several of her painting series.

At booth F6, distinctive works from her "Nature" and "Untitled" series drew attention on the very first day of the fair.

Salimeh Motamedi (born 1962, Isfahan) creates paintings that emerge at the intersection of spirituality, mysticism, and contemporary social concerns. Her works—presented by Martex Road and BAAT Art Group at Frankfurt Art Fair 2024, Galleria Bianchi Milan 2025, and Itak Gallery Paris 2025—have been met with strong acclaim from critics, art theorists, and collectors alike.
